

Hope for Christmas Animal Project

ZOE Ministry
Giving Hope to Orphans in Africa

Animals can be the first step toward transforming the lives of vulnerable orphans. Animals provide manure for fields, nourishment, and income as they reproduce.

In many African countries, orphaned children are raising their brothers and sisters due to the HIV/AIDS pandemic. In response, ZOE Ministry is sharing the Love of Christ and giving hope to vulnerable children in Zimbabwe, Zambia, Kenya, and Rwanda through programs of empowerment and relief.

The Giving Hope Empowerment Project equips orphans and child-led families with essential life skills such as mentoring, vocational training, income generating activities, training in animal husbandry and farming, HIV/AIDS education, and shared love of Christ so they may live free from the cycle of poverty and dependency within two-three years in the program.

You are invited to honor friends and family with a gift that will transform a child's life this Christmas. ZOE distributes animals in the most practical and efficient way possible so that animals will thrive in their environment. A goat at \$40 may be the best investment in Maua, Kenya, but four chickens at \$10 each would be better for children in a region that is more arid. ZOE animal costs are: Cow – \$400, Pig – \$30, Chicken – \$10, Goat – \$40, and Rabbits – \$5.
