

Hope for Christmas Animal Project Costs

The Giving Hope Empowerment Project equips orphans and child-led families with essential life skills such as mentoring, vocational training, income generating activities, training in animal husbandry and farming, HIV/AIDS education, and shared love of Christ so they may live free from the cycle of poverty and dependency within two-three years in the program.

Animals can be the first step toward transforming the lives of vulnerable orphans. Animals provide manure for fields, nourishment, and income as they reproduce.

You are invited to honor friends and family with a gift that will transform a child's life this Christmas. ZOE animal costs are:

- Cow – \$400
- Pig – \$30
- Chicken – \$10
- Goat – \$40
- Rabbit – \$5

ZOE Ministry distributes animals in the most practical and efficient way possible so that animals will thrive in their environment. A goat at \$40 may be the best investment in Maua, Kenya, but four chickens at \$10 each would be better for children in a region that is more arid.
